Profile

I am a first-year university student studying a BSc (Hons) in Physical Geography. Prior to this I studied the Leiths Culinary Diploma for two years, gaining a high merit. During this time, I prepared a variety of food for guests and hosted a canapés evening, working in both the kitchen and the front of house. In addition, I have undergone work experienced working at a fresh start up and fast-growing coffee and doughnut company called “Guilt Trip.” This allowed me to gain insight in a commercial kitchen. In addition, I have gained the qualification of Level 3 Food Science and Nutrition, and I also hold a level 2 food hygiene certificate.

Personal Attributes

Personable, warm, and confident when engaging with customers, with a natural sense of humor that helps create a welcoming atmosphere. Quick to learn new skills and adapt to busy environments, with a strong determination to succeed. I build positive relationships easily, shown through maintaining close friendships from school and forming new connections at university. Playing rugby has strengthened my teamwork, communication, and ability to stay calm and collaborative under pressure.

Precis of achievements

- Graduate of The Leiths Culinary Diploma 2025 high merit
- Level 3 Food Science and Nutrition high merit
- Gaining 8 GCSEs at grade 6 including Food and nutrition
- Gained a Team GB dressage selection at international competition 2025 after training and progressing for five years at advanced medium junior level.
